COLD BEER PIPE CLEANING & STERILISING

CHASER

Beer Line Cleaner

Chaser is a high quality, traditional chlorinated detergent for the cleaning and sanitising of all beer dispense equipment and public house tanks.

Chaser contains a blend of sodium hydroxide (caustic soda), sodium hypochlorite and a modern sequestrant and threshold agent and is suitable for use in all hardnesses of water.

- Chaser rapidly breaks down yeast and protein deposits
- Chaser will not damage pipeline or components
- Suitable for use with cold or warm water
- Low foam

SPECIFICATIONS

Colour: Clear liquid
Odour: Faint chlorine
Pack Sizes: 2 x 5 litre
4 x 5 litre

PRECAUTIONS

Chaser is Corrosive

COMPLETE

Purple Beer Line Cleaner

Complete is a high quality, purple chlorinated detergent for the cleaning and sanitising of all beer dispense equipment and public house tanks.

Complete contains a blend of potassium hydroxide (caustic potash), sodium hypochlorite and sequestrants and is suitable for use in all hardnesses of water.

- Complete ensures rapid removal of yeast and other residues
- Will not damage pipeline or components
- Suitable for use with cold or warm water
- The purple colour shows when the product is still active and reduces the possible risk of accidental ingestion

SPECIFICATIONS

Colour: Purple liquid
Odour: Faint chlorine
Pack Sizes: 2 x 5 litre
4 x 5 litre

PRECAUTIONS

Complete is Corrosive
